

Steve LaMantia is a Managing Director in the Structured Finance practice at Marshall & Stevens. He is the technical lead for the Structured Finance practice. He is responsible for performing and managing business and asset valuations for public and privately held clients.

For more than 30 years, Mr. LaMantia has prepared valuations of businesses, debt, equity, and assets, both tangible and intangible, for a wide variety of manufacturing and service industries, including communications, distribution, process and heavy manufacturing, traditional and renewable energy generation, utilities, transportation, and retail industries, as well as financial, business and personal services companies. Valuations prepared by Mr. LaMantia have been utilized for the purpose of buy/sell negotiations, project finance and investment, end of lease disputes, corporate tax reporting, financial accounting, gift and estate reporting, bankruptcy, litigation support, and transaction consulting including Fairness Opinions. Prior to joining Marshall & Stevens, Mr. LaMantia has worked for American Appraisal Associates and Lease Valuation International (an RVI Group company).

Mr. LaMantia earned a Bachelor of Commerce, Finance, from DePaul University. He is an Accredited Senior Appraiser, Business Valuation designation, and an Advancement Testing Grader Panel Member, American Society of Appraisers, and is a member of the Equipment Leasing Association and Business Valuation Association.
